

## Congratulations Nathanael

**ECCO is proud** of its association with so many community groups. These mutually beneficial relationships see the benefit to Eumundi through greeting of visitors by front-of-house community volunteers. In return, the special interest community groups receive vital funding to fulfil their respective mission.

One of these community groups featured in these pages has been the Australian Naval Cadets.

ECCO congratulates one of those young Cadets, Nathanael Ford, on being named joint winner of the hotly contested Sunshine Coast Young Australian Award. The photo shows Nathanael with Stephen Bradbury, Australia's only Winter Olympics gold medal winning speed skater.

## More special interest community groups

*Noosa Community Radio FM101.3 volunteers raising funds for their volunteer-driven community radio station where broadcasts and virtually all other activities are delivered entirely by volunteers.*

*John Kennedy is a stalwart for Eumundi's Body Art Carnivale activities. Funds raised will offset the cost of the Eumundi street party at the carnivale on the weekend of 13-15 May.*
