Eumundi market shuttle

If you're on the streets in the early morning you may see this bus with its "Eumundi markets shuttle" sign cruising between Strawberry Flat and the markets. The bus repeats the service in the early afternoons providing a courtesy stallholder shuttle service. The bus is one of the initiatives of Eumundi Combined Community Organisation to make convenient parking for visitors to the markets less of a hassle and to provide free parking and frequent

free shuttles for stallholders. ECCO has committed to fine-tuning parking and shuttle bus services in February informed by the first two months experience of the council and community partnership for parking.

ECCO invites readers to view www.eumundicco.com.au and provide any advice on this fine-tuning either by email to info@eumundicco.com.au or to PO Box 482 Eumundi.
